Regulatory information:

This product and its packaging comply with Swiss and European food law. Residues comply with the legal regulations currently in force in Switzerland and Europe. The product contains no residues of genetically modified material. The product has not been irradiated. This product specification serves as an overview and has been prepared to the best of our knowledge based on current information.

Preparation & Serving Suggestions

Thawing: Ideally, thaw slowly (e.g. overnight) in the refrigerator or cold store. Alternatively, thaw in a water bath/steamer at 85°C for around 30 minutes

Heating: Reheat in a pan over medium heat, stirring occasionally. In a water bath/steamer at 85°C for around 20 minutes

Plating: Serve with hash browned potatoes, alternatively with tagliatelle or rice
Garnish with parsley, chives, herb oil or fried onions

BREWER'S

SWISS HIGH-FIBRE PROTEIN

UPCYCLED

HIGH PROTEIN

Where brewing ends, nutrition begins!

Since 2024, Circular Food Solutions has been using Swiss brewer's **spent grains** – a valuable by-product of beer production – and transforming it into an innovative **ingredient with excellent nutritional values**. Rich in **plant protein, fibre and minerals**, the spent grains become part of a clever and sustainable circular economy: locally processed, resource-efficient, **full of flavour and functionality**.

100% Swiss, 100% quality, 100% sustainable
